

# Get into golf

**Get into Golf Pathway at Bentham Golf Club – Helping you get active, get social and get into golf!**

Thinking about taking up the glorious game...

Join a 5-week beginners taster course with our Pro Nick Barron at Bentham Golf Club for £35 per person.

Enjoying it? Progress to a 5-week intermediate course for an additional £35 per person and enjoy more time honing your skills on the course.

Getting obsessed yet? If you're keen to continue then now is a great time to join as an Academy Member. This will help you get out on the course and we can introduce you to other members to gain playing partners. Plus, this includes a final 5 week course to perfect that swing.

If you want to get competitive, play in team matches and compete around other courses then the next step is to upgrade to a full membership and get a handicap. There's no pressure to upgrade if you just want to stay as a hobby golfer!
